AROUND *the* TOWNSHIP

Yupp, the smokes are on us. The school trustee elections over the township will be held on Friday, June 3. We went off half-cocked last week when we set the date for Friday the thirteenth (today).

* * * *

With the advent of good, warm weather have clean up time. While it is very likely that an official Clean Up Week will be designated a little later, it would be a splendid idea to get the spirit now and put the alleys, vacant lots and yards in general in spick and span shape. Thus will appearances be enhanced and the fire hazard reduced.

Yeah, we are going to get busy on our own premises right away.

* * * *

The suggestion has been made that a sizeable sign would look rather nice and would accomplish a very definite purpose if placed at the entrance to Niles Canyon to inform the traveling public that Washington Township has a playground within a stone's throw, so to speak.

Maybe the formation of a Niles Canyon Improvement Association or a Niles Canyon Booster Club would be in order. Such an organization, including all businesses located in the picnic and camping area, would furnish an admirable vehicle with which to get things done to attract more people to the canyon.

It is likely that civic organizations of the township would feel disposed to lend a helping hand to the canyon business—in event they launch a program to help themselves.

Every resident of Niles is asked to write an air mail letter to as many persons as possible residing outside the State during National Air Mail Week beginning Monday. A special cachet will stamp letters leaving the Niles post office. Free publicity pamphlets setting forth the attractions of Niles and including several pictures are being printed by The Township Register for the Chamber of Commerce this week. These may be secured at the post office to include in letters mailed this week.

It is suggested that those to whom the pamphlets are sent be asked to give them to persons who might be interested in knowing of Niles as a prospective home or business location.

Summer Vacations Of Students Listed By Youth Council

CENTERVILLE—Discussion of a survey made by W. T. Lindsay, Boy Scout executive, regarding plans for summer vacations by seventh and eighth grade and high school students of the township took place at this month's luncheon meeting of the Coordinating Council at the Washington Union High School.

Figures indicated that more than half of the 100 high school boys, 100 high school girls and 130 grammar school boys tabulated had plans for employment and a little less than half would spent at least two weeks away from home during the vacation.

Music was furnished by Juan Silva, violinist; Jesus Silva, 'cellist; and Isabelle Acevedo, pianist. The luncheon was prepared by two members of the homemaking department, Helen Witherly and Esther Jason. Flower arrangements were by Laura Escobar..

McWhirter were appointed to lead a discussion as to plans of the council for the next year. Each member was asked to bring in a suggestion for "Making the environment of young people in the township more beneficial."

Principal A. J. Rathbone gave a report of two conferences which he attended recently dealing with coordinating councils and youth welfare. Figures indicated that the great majority of those involved in criminal activities came from those who stopped school early.

Indications that a specific course of study in character education would be included in the high school curriculum next year and that more adequate arrangements were needed for teaching mental and moral heatlh in connection with physical education classes were given by Miss Grace Knoles, dean of curriculum. Miss Sibyl Botelho, dean of girls, gave a resume of investigations she had made regarding standard of wages to be paid high school girls working in homes. More definite recommendations are to be made at a later meeting.

Those present were Miss Jeanette Condy of the State Department of Education, Bureau of Vocational Rehabilitation; E. D. Bristow, M. J. Overacker, J. V. Goold, John Brady, Judge Allen G. Norris, Rev. NILES—Members and ladies of the Niles Junior Chamber of Commerce are planning to attend sessions of the United States Junior Chamber of Commerce to be held in Oakland June 15 to 18. Reservations for these various affairs may be made with President Lewis Lewis and his committees.

Eight entertainment programs will be included in the convention sessions.

The first of these events occurs before the formal opening of the convention, when Oakland hostesses will conduct "Warming-up Exercises" for visiting delegates at Lake Merritt Hotel, Tuesday, June 14.

Next day, after a strenuous siege of business discussion and speech-making, will come the Neptune Beach Party, to be featured by a softball game played by Norfolk, Va. and Oakland, Calif. for championship of the U. S. Jr. C. C. and followed by a seaside barbecue and entertainment.

Thursday evening, June 16, all delegates will be entertained at a "Streamlined Stag Party" in the new Jaysee Lounge of the Athens Athletic Club, while visiting ladies play bridge.

Dental Clinic Is Opened For Newark School Children

NEWARK — The dental clinic which has been endorsed by various groups interested in child welfare was opened at the Newark Grammar School Monday morning. The purpose is to offer an opportunity to the parents to have minor dental work done for the children. Such work as simple fillings, cleaning, etc., will be undertaken but no painful or complicated work will be considered.

All children are eligible but the work is optional. A small charge is made for materials. It is desirable that parents desiring dental work on their children should be at the school while the work is being done but if this is impossible, the school may be notified.

The purpose of the project is to make available dental service to all children and to launch an educational campaign regarding mental health.

WINGS OVER AMERICA
(To A Night-Sky Rider)

Each night a star goes flaming across
The sky,
And throbbing motors hum in
Passing by;
A man-made comet, seeming to
Exude—
A challenge to the air, and
Altitude.
Awed by magnificence of this
Fleet thing,
Its path-way that of eagle on
The wing;
I watch from Earth, its twinkling,
Trailing light
Describe an arc across the sky
Each night.
All Hail to him, who rode the
Faithful steeds,
To those brave hearts that blazed
The Western Trail!
True pioneers, who's monuments
Are deeds—
Salute! You winged bearers of
The Mail!

Publicity Broadside Is Made Possible by Local C. of C. For Air Mail Week Observance

SIX POSTOFFICES USE CACHET DURING AIR MAIL WEEK

CENTERVILLE — The Star Route cachet which will stamp all air mail letters leaving the Centerville, Alvarado, Decoto, Newark, San Lorenzo and Mt. Eden post offices during National Air Mail Week is probably unique in the United States, no announcement having been made of any other cachet embracing six offices, according to Postmaster M. W. Lewis who spoke at this week's meeting of the Centerville Lions Club.

A "Wings over America" contest sponsored by the Centerville office at the Washington Union High School resulted in Miss Vivian Newell of Niles and Doremus Scudder of Niles winning first places. These essays will be entered in the state contest. Judges were Tom Silva, George Coit and Judge Allen G. Norris.

The history and progress of air mail since its inauguration 20 years ago was discussed by Lewis at the Lions meeting. The local office sends an average of 20 letters per day and all citizens are urged to send as many as possible next week.

Success Indicated In Apricot Prorate Marketing Canvass

Apricot growers of Southern Alameda County met at the Farm Adviser's office in Hayward last night to hear a further explanation of the apricot prorate by Harry G. Mitchell of Berryessa and others. The meeting was called by Joseph Shinn, Jr., manager for Alameda County.

Indications in communities already covered by those circulating petitions to establish the prorate which provides for better quality of apricots and advertising and sales promotion of the industry are that the necessary two-thirds vote will be received.

All growers are urged to sign the petition which is being circulated by the following:

Clement Donovan, Walter Kempton, Tony Garcia, P. H. Moore, Joseph S. Dutra, of Niles; Manuel Almeira, Manuel Oliveira, F. A. Bishop, George P. Lowrie, Sr., Carmelo Cognini, M. W. Lewis, L. and V. Farm Sales, Centerville; Louis Amaral, Harold Faria, Anthony Silva, E. F. Lewis, Alviso district; Don Driscoll, W. Weston of Irvington.

In the Hayward district, the following are taking signatures: J. Floyd Perry, Harry Owens, Mrs. F. R. Vincent, Henry Boehm, T. L. Peterson, George Robinson and the Farm Bureau office.

South Of County May Form Adult Music Association

On Monday night at 8 o'clock a meeting will be held at the Hayward Union High School to discuss proposed organization of a Southern Alameda County Musical Association which would sponsor a broad program of musical activity, both vocal and instrumental.

From Hayward to Warm Springs and from Newark to Livermore, there are few outstanding musical organizations except the school bands and orchestras, which though very good, do not constitute terminal groups in which adult players and singers may participate.

Each year many children graduate from the four local high schools who have received considerable training in music, who are able to play some band or orchestral instrument creditably, but who, after graduation, find no adult concert organizations which they may join. As a result the vast majority of these students lay their instruments aside and soon lose the ability to play them well.

Likewise there are hundreds of persons who like to sing, not necessarily outstanding soloists, but music lovers capable of singing in almost any good chorus, who have no such chorus in which to sing. The various church choirs contain a tremendous olt of good material for a fine chorus, but are each rather limited in numbers whereas together they could become a great musical organization.

The proposed Southern Alameda County Musical Association would consist of public spirited citizens, civic leaders and other persons interested in seeing countywide musical groups developed which would be capable of giving concerts in the various towns in the district. Open-air summer band concerts are regular affairs in hundreds if not thousands of American communities. They entertain large crowds, attract worth while residents, and have in every way a very beneficial influence.

AIR MAIL WEEK

With motor wildly sputtering, a rickety bi-plane roars down the dirt field and climbs slowly into the air. As the wings level off, America's first trans-continental mail-man of the air is off on his hop, skip and jump. In honor of that scene, just 20 years old this week, May 15-21 has been proclaimed National Air Week.

The years since 1918 have seen both aviation and the air mail make long strides. Today mail follows the air line over 50,000 miles of U. S. sky ways, with 17 million pounds of letters going the air way each year. Rickety bird-cages of wire and cloth have given way to gleaming all-metal transports, windy open cock-pits have been replaced by air-conditioned navigation rooms, and the guess-and-hope system of flying has gone out of style in an era of scientific flight by radio and automatic control.

On May 19, in honor of National Air Mail Week, the benefits of air mail service will be extended to each of the nation's 45,000 post offices for just one day. With the assistance of thousands of private planes, air mail letters will be flown to connect with regular air lines.

Fast, convenient, efficient, all America today knows the value of air mail service. A symbol of the American way of doing things, it goes on helping Americans get things done, quicker, faster—the American way.

A NEW 5c NICKLE

That five cent piece, good for a soft drink, a cigar, or a candy bar, is in for an interesting week, featuring a birthday and a face-lifting.

Authorized by act of Congress just 72 years ago this week, the nickle has undergone several changes of face, the last in 1913 when it acquired the Indian design which has been called the most beautiful in U. S. coinage.

But now the nickle is to feature the face of Thomas Jefferson. As a result, a Chicago sculptor was able to trade a nickle for $1000, his nickle being the winning design selected as pattern for the new five cent piece.

New face or not, the nickle is still 25 per cent nickle and 75 per cent copper, and still a coin of the realm worth just so much when paid for food, candy or taxes. New design or old, it's those little letters that read "Five Cents" that form the most interesting design for most of us.

California Leads Again

A QUARTER-CENTURY check-up on the 1913 winners of the Better Babies contest sponsored by the Woman's Home Companion, today revealed that the state of California accounts for twenty percent of all the former prize babies whose names have been made public.

The babies were chosen twenty-five years ago from contestants in every state in the union for their perfect health and outstanding brightness. Their present-day pictures, in the current issue of the magazine, show Mrs. Ruth Hawley, Oakland; Mrs. C. Jean Gross, Santa Ana; Mrs. John Hayner, Los Angeles; Mrs. John Seixas, Alhambra; Mr. Gorden Case, Crescent City; Lucille McBride, Davis; and George Morton Fish, Carpinteria; who represent the Golden Gate State in the Silver Jubilee of the contest. Mr. Fish is the father of a child who is also a better baby.

Nation-wide in its scope, the Better Baby movement was designed to promote child health through the mediums of public enlightenment and social legislation for the purpose of eradicating disease, ill health, and the mortality rate incident to child-birth, as well as furnishing instructions on the care and raising of children. This pictorial testimony gives a graphic account of the progress that has been realized over a period of a quarter-century in this phase of American life. It is indicated that California, due to its climatic and social condition, has fared far better than other states.

Soft Ball League Off To Good Start With Five Teams

CENTERVILLE— The Washington Township Soft Ball League season was inaugurated last week with the start of play on the lighted field at Washington Union High School. Five teams are entered—Kraftile, Native Sons, Knights of Columbus, Newark Sportsmen and Irvington Junior Chamber of Commerce.

Kraftile dropped the opening league game to the Native Sons who overcame a five-run lead to win, 10 to 7. The K. of C. beat the Irvington Jr. C. of C., 11 to 7 in the second league game.

Games are scheduled throughout May, into the middle of June. The final game will be played June 13 when the K. C.'s and Kraftile tangle. At the close of the season a beautiful trophy will be awarded the winning team.

Kraftile ran roughshod over the Newark Sportsmen in their second league contest on Wednesday of last week, winning by a score of 16 to 3. The Kraftiles were on a batting rampage with Dyer and Aperry leading the parade with four hits apiece, closely followed by Kraft and Dutra with three hits each.

Hattenhauer pitched an excellent game for Kraftile and seldom was in difficulty. Dyer's fine work in short field in engineering several double plays after sensational catches ruined the Sportsmen's chances to increase their score. For the Sportsmen, Silveria, Ornellas and Soito were the outstanding stars.
